Ravioli Attachment **MonoSfoglia**

by La Monferrina

Single sheet ravioli (Mezzaluna)

The MonoSfoglia Single Sheet ravioli attachment for the SousChef pasta extruder is capable of producing ravioli from a single sheet of pasta for the most hand made looking ravioli made by a machine. Unlike most ravioli machines that produce ravioli from two sheets, the MonoSfoglia (single sheet) innovatively crimps a single sheet of pasta into the desired ravioli shape, just like doing it by hand. A Mezzaluna (half moon) ravioli mould is included and additional moulds are available for a variety of ravioli shapes and sizes.

FEATURES

- › Produces Ravioli from a Single Sheet of pasta for the most hand made like product from a machine
- › Makes different ravioli shapes and sizes with optional ravioli moulds
- › Adjustable ravioli filling dispenser
- › Designed to work with the SousChef pasta extruder

OPTIONAL ATTACHMENTS

1. **Moulds:** The MonoSfoglia includes a Mezzaluna (half moon) ravioli mould. Additional ravioli moulds are available for different shapes and sizes including triangular and square
